

FAQ (Frequently Asked Questions)

Q: What is the presale price for \$BOSSIE?

The presale price for \$BOSSIE is the same as the TGE (Token Generation Event) price and is a floating figure determined only after the presale round ends.

Q: How is the presale price calculated?

The price will be calculated by dividing the total amount of funds received in the presale by the presale token allocation of 500,000,000 (50% of the total supply). Structuring the sale this way allows the community to determine the price.

Q: What wallet should I send my ETH from?

We recommend using Metamask wallet (<https://metamask.io/>) for the contribution. If you prefer alternatives, you should only send your tokens to us using a non-custodial, Ethereum compatible wallet address.

Note: Wallet addresses on (CEX) centralized exchanges are not accepted. MetaMask wallet addresses are accepted. Users sending ETH from unaccepted wallet addresses risk losing their contribution without receiving \$BOSSIE.

Q: What is the min/max for the presale?

There is only a maximum cap of 99 ETH per wallet address. Any contribution exceeding 0.0099 ETH will result in the entire contribution being fully refunded, not just the amount exceeding 0.0099 ETH.

Q: Is there a vesting period for the presale tokens?

No, there is no vesting period for the presale tokens. All tokens purchased in the presale will be released 100% at the Token Generation Event (TGE).

Q: How much \$BOSSIE tokens will I receive?

The amount of tokens you receive will be based on the percentage of your ETH contribution out of the total amount of ETH contributed by users in the presale, multiplied by the presale allocation for \$BOSSIE tokens which is 500,000,000 \$BOSSIE (50% of total supply)

Q: When will I receive the \$BOSSIE tokens purchased in presale?

You will receive your \$BOSSIE tokens allocation **2 hours after** trading goes live on TGE day.

Q: When can I start trading \$BOSSIE?

You will be able to start trading on the TGE date, which will be announced shortly in the near future.

Q: How will I receive the purchased tokens?

The allocated \$BOSSIE tokens will be sent directly to your **contributing wallet address** by airdrop.

Q: Where can I get the latest updates about BOSSIE?

You can follow us on [Twitter](#), or join the [Telegram](#) Group for the most updated announcements.
